Payment for Services

Hospital Emergency Room Services

Will I have to pay for services in a hospital emergency room?

You will not have to pay for emergency services in a hospital emergency room. However, there is a co-payment if you use the emergency room when it is not an emergency.

Mental Health Care in a Hospital

Will I have to pay for mental health care in a hospital?

You will not have to pay for mental health care in a hospital if you are:

- On Medicaid under the CHEC program
- Living in a nursing home
- American Indian/Alaska Native
- Getting hospice care
- On Medicaid under the Medicaid Cancer program
- On Medicaid due to being pregnant

If you are not in one of these groups, the hospital can charge you \$75 for each hospital stay. Hospitals cannot charge more than the co-payment.

Will I ever have to pay for mental health services?

Non-Emergency Outpatient Services

You might have to pay your provider for a service if:

- You get a service that is not covered by Wasatch Mental Health or Medicaid; or
- You get a service that is not pre-approved by Wasatch Mental Health (the provider or you tried to get approval but we denied the request or approved less than what was asked for); or
- You do not go to a Wasatch Mental Health provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If we did not approve a service you or your provider asked for, you can appeal this decision with us before you agree to pay for the service.

(See *Appeals*, page 12).

You might also have to pay your provider for a non-emergency outpatient mental health service if:

- You ask for and get services during an appeal with or during a Medicaid state fair hearing. You would only have to pay if the appeal or state fair hearing decision is not in your favor.
- You are not on Medicaid when you get the service.

Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

In some situations, you can go to a provider outside Wasatch Mental Health. You and the provider must get approval before you get the service. For more information, call our Program Manager who oversees contracts with outside providers weekdays, 8:00 a.m.–5:00 p.m., at 801-373-4760 or 1-866-366-7987.

You do not need approval before you get emergency services. (See *Emergency Services*, page 10).

When will I be told if I can see someone outside of Wasatch Mental Health?

If the provider has a written agreement with Wasatch Mental Health, we can usually decide within 14 calendar days. Sometimes we might need more time to make a decision. We will let you know about this in writing. If we need to take more time, you can file a grievance if you are unhappy about this. (*See Complaints /Grievances*, page 14). Also, you or your provider might want us to take more time for some reason. If so, let us know. If you, or your provider, think it is important to make a decision quickly for health or safety reasons and we agree, we will do so, generally in 3 working days. We will give you our decision about your request in writing and we will contact the provider.

If the provider does not have a written agreement with Wasatch Mental Health, we will always make a decision within 14 calendar days.

Emergency Services

What is a mental health emergency?

- When you think your life is in danger.
- When you believe you might harm yourself or others.
- When your safety or others' safety is at risk.

What are emergency services?

These are mental health services given to treat your emergency.

If you want to talk to a crisis worker in person, call or go to the clinic nearest your home (See *Service Locations*, page 7). Tell the receptionist you want to see a crisis worker. Also, day or night, you can go to any hospital emergency room in or outside Utah County. You do not need approval from Wasatch Mental Health before you get emergency services.

Mental Health Care in a Hospital

How do I get mental health care in a hospital?

Mental health care in a hospital after an emergency is usually called post stabilization care services.

Wasatch Mental Health uses:

Utah Valley Hospital - 1034 North 500 West, Provo, UT

Mountain View Hospital - 1000 East 100 North, Payson, UT

Provo Canyon Behavioral Hospital - 1350 East 750 North, Orem, UT

If a hospital wants to admit you after treating your emergency, the hospital must call us for pre-approval. It's important to let the hospital know that Wasatch Mental Health is your Medicaid mental health provider so they can call before they admit you. We might have you stay at the hospital or send you to another hospital.

Adverse Benefit Determination (ABD)

What are adverse benefit determinations?

Adverse benefit determinations (ABD) is when we:

- Deny (turn down) or approve fewer services than you wanted.
- Reduce or stop a service that has been previously approved. If you agree with the change, it is not an ABD. It is only an ABD if you tell us you don't want the change.

- Deny payment to an outside provider for a service that you might have to pay for.
- Do not offer your first appointment within the required amount of time for emergency, urgent or non-urgent care, and you are not happy with this. (See *Getting Mental Health Services*, page 7).
- Do not settle an appeal or grievance you have filed with us as soon as we are supposed to.
- Do not make a decision about getting services from a Wasatch subcontractor as soon as we are supposed to.

How will I know if Wasatch Mental Health is making an adverse benefit determination?

We will send you a letter called a Notice of Adverse Benefit Determination (ABD). You have the right to ask for an appeal our ABD if you disagree.

Appeals

What is an appeal?

An appeal is our review of our ABD to see if we made the best decision.

Who can ask for an appeal?

You, your legally authorized representative or your provider can ask for an appeal.

When can I ask for an appeal?

Your Notice of ABD will give you information on requesting an appeal. It will tell you how soon you must ask for an appeal of our ABD. In most situations, you must request an appeal within 60 days from the date on the Notice of ABD.

What if I need help asking for an appeal?

If you need help asking for an appeal, call our Customer Service Representative weekdays, 8:00 a.m.–5:00 p.m., at 801-373-4760 or 1-866-366-7987.

Can I keep getting services if I ask for an appeal?

If our ABD was to reduce or stop services we have previously approved, you ask for an appeal in the time frame required, and you ask that you keep getting the services, we will keep giving you these services. You might have to pay for the services if the appeal decision is not in your favor. If you are asking for an appeal of any other kind of ABD and have questions about services during the appeal, call our Customer Service Representative weekdays, 8:00 a.m.–5:00 p.m., at 801-373-4760 or 1-866-366-7987.

When will Wasatch Mental Health tell me the decision on the appeal?

We will usually be able to give you a written decision within 30 calendar days after we get your request for an appeal. Sometimes we might need more time to make the decision. We will let you know about this in writing. Also, you might want us to take more time for some reason. If so, let us know. When you, or your provider, think it is important for us to make a decision quickly due to health or safety reasons, we will do so, generally within 72 hours.

Medicaid Fair Hearings

What can I do if I am unhappy with the appeal decision?

If you are unhappy with our appeal decision, or we cannot make an appeal decision as soon as Medicaid wants us to, this is what you can do:

You, your legally authorized representative, or your provider can ask for a fair hearing with Medicaid. In these situations, we will tell you in our decision letter that you can ask for a fair hearing. The letter will tell you how and when to ask for the fair hearing. We will also give you the fair

hearing request form to send to Medicaid. You must ask for a fair hearing in writing using the form that we give you. If you have questions or need help filling out the fair hearing form, call the Customer Service Representative weekdays, 8:00 a.m.–5:00 p.m., at 801-373-4760 or 1-866-366-7987. At a fair hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the fair hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the fair hearing.

Can I keep getting my services if I request a Medicaid Fair Hearing?

If the Medicaid fair hearing is about our decision to reduce or stop services we have previously approved, you need to check the box on the fair hearing form asking that the services continue. If you ask for a fair hearing in the required time frame, and ask that we keep giving you the services, we will do so.

You might only have to pay for these services if the fair hearing decision is not in your favor. If the fair hearing is about any other kind of ABD, you can discuss your services during the fair hearing.

Fraud, Waste and Abuse

What is health care fraud, waste and abuse?

Doing something wrong related to Medicaid could be fraud, waste, or abuse. We want to make sure that health care dollars are used the right way. Fraud, waste, and abuse can make health care more expensive for everyone.

Some examples of fraud, waste, and abuse are:

By a Medicaid Member

- Changing the amount or number of refills on a prescription.
- Giving their Medicaid card to someone else to use.
- Lying to get medical or pharmacy services.

By a Provider

- Billing for services that have not been provided.
- Not reporting a patient’s misuse of a Medicaid card.

You can ask to get services from them, or you can ask for an interpreter. Interpreters are free and available in all languages, including sign language. Los intérpretes son gratuitos y están disponibles en todos los idiomas, incluyendo el lenguaje de señas. Un intérprete puede ayudarlo por teléfono o puede acompañarlo a sus citas de salud mental. Services Not Covered by ADDAPT

What services are covered by Medicaid but not aDDAPT?

aDDAPT does not provide medical care, dental care, vision care or pharmacy. Medical care includes medical detoxification in a hospital for a substance use disorder problem. If you have questions about these or other services that might be covered by Medicaid, call your physical health plan, or Medicaid at 1-800-662-9651.

Also, methadone maintenance services for substance use disorder problems are not covered by aDDAPT. If you need this service, you can get it from a Medicaid methadone

maintenance service provider. If you have questions, call Medicaid at 1-800-662-9651. If you are getting methadone maintenance services, and you want to get *additional* substance use disorder services paid for by Medicaid, you must get them through aDDAPT.

Payment for Services

Will I ever have to pay for substance use disorder services?

Hospital Emergency Room Services

You will not have to pay for emergency services in a hospital emergency room.

Non-Emergency Outpatient Services

You might have to pay your provider for a service if:

- You get a service that is not covered by aDDAPT or Medicaid; or
- You get a service that is not pre-approved by aDDAPT(the provider or you tried to get approval but we denied the request or approved less than what was asked for); or
- You do not go to an aDDAPT provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If we did not approve a service you or your provider asked for, you can appeal this decision with us before you agree to pay for the service. (See *Appeals*, page 29) for information on how to appeal.

- You might also have to pay your provider for a non-emergency outpatient mental health service if:
- You ask for and get services during an appeal with or during a Medicaid state fair hearing. You would only have to pay if the appeal or state fair hearing decision is not in your favor.
- You are not on Medicaid when you get the service.

Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

Emergency Services

What is a substance abuse emergency?

- When you think your life is in danger.
- When you believe you might harm yourself or others.
- When your safety or others' safety is at risk.

What are emergency services?

These are substance use disorder services given to treat your emergency.

How do I get emergency services?

aDDAPT has 24-hour telephone emergency services seven days a week through Foothill Residential Treatment. Call Foothill Residential Treatment at 801-851-7652.

Also, if you are getting substance use disorder services from one of our providers, you can call your providers on weekdays.

If your provider is not available, call Foothill Residential Treatment at 801-851-7652.

Also, day or night, you can go to any hospital emergency room in or outside Utah County. A prior-authorization is not required.

Adverse Benefit Determination (ABD)

What are adverse benefit determinations?

Adverse benefit determinations (ABDs) are when we:

- Deny (turn down) or approve fewer services than you wanted.

- Reduce or stop a service that has been previously approved. If you agree with the change, it is not an ABD. It is only an ABD if you tell us you don't want the change.
- Deny payment to an outside provider for a service that you might have to pay for.
- Do not settle an appeal or grievance you have filed with us as soon as we are supposed to.
- Do not make a decision about getting services from aDDAPT provider as soon as we are supposed to.
- Fail to act within the timeframes set to make a decision and let you know the decision of an Appeals and Grievances.

How will I know if aDDAPT is making an adverse benefit determination (ABD)?

We will send you a letter called a Notice Adverse Benefit Determination of ABD. You have the right to ask for an appeal of our ABD if you disagree.

Appeals

What is an appeal?

An appeal is when you ask us to review our ABD to see if we made the best decision.

Who can ask for an appeal?

You, your legally authorized representative or your provider can ask for an appeal.

When can I ask for an appeal?

Your Notice of ABD will give you information on requesting an appeal. It will tell you how soon you must ask for an appeal of our ABD. In most situations, you must request an appeal within 60 days from the date on the Notice of ABD.

What if I need help asking for an appeal?

If you need help asking for an appeal, call aDDAPT weekdays, 8:00 a.m.–5:00 p.m., at 801-851-7128 or 844-773-7128.

Can I keep getting services if I ask for an appeal?

If our ABD was to reduce or stop services we have previously approved, you ask for an appeal in the time frame required, and you ask that you keep getting the services, we will keep giving you these services. You might have to pay for the services if the appeal decision is not in your favor. If you are asking for an appeal of any other kind of ABD and have questions about services during the appeal, call aDDAPT weekdays, 8:00 a.m.–5:00 p.m., at 801-851-7128 or 844-773-7128 to talk about your services.

When will aDDAPT tell me the decision on the appeal?

We will usually be able to give you a written decision within 30 calendar days after we get your request for an appeal. Sometimes we might need more time to make the decision. We will let you know about this in writing. Also, you might want us to take more time for some reason. If so, let us know. When you, or your provider, think it is important for us to make a decision quickly due to health or safety reasons, we will do so, generally within 72 hours.

Medicaid Fair Hearings

What can I do if I am unhappy with the appeal decision?

If you are unhappy with our appeal, or we cannot make an appeal decision as soon as Medicaid wants us to, this is what you can do:

You, your legally authorized representative, or your provider can ask for a fair hearing with Medicaid. In these situations, we will tell you in our decision letter that you can ask for a fair hearing. The letter will tell you how and when to ask for the fair hearing. We will also give you the fair

hearing request form to send to Medicaid. You must ask for a fair hearing in writing using the form that we give you. If you have questions or need help filling out the form, call aDDAPT weekdays, 8:00 a.m.–5:00 p.m., at 801-851-7128 or 844-773-7128.

At a fair hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the fair hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the fair hearing.

Can I keep getting my services if I ask for a fair hearing?

If the fair hearing is about our decision to reduce or stop services we have previously approved, you need to check the box on the fair hearing form asking that the services continue. If you ask for a fair hearing in the required time frame, and ask that we keep giving you the services, we will do so. You might only have to pay for these services if the fair hearing decision is not in your favor. If the fair hearing is about any other kind of ABD, you can discuss your services during the fair hearing.

Complaints/Grievances

What if I have a complaint about aDDAPT or my provider?

We will give you our decision within 45 calendar days after we get your complaint, unless you ask us to take more time. Sometimes, we might need more time to make a decision. Fraud, Waste and Abuse

What is health care fraud, waste and abuse?

Doing something wrong related to Medicaid could be fraud, waste, or abuse. We want to make sure that health care dollars are used the right way. Fraud, waste, and abuse can make health care more expensive for everyone.

Some examples of fraud, waste, and abuse are:

By a Medicaid Member

- Changing the amount or number of refills on a prescription.
- Giving their Medicaid card to someone else to use
- Lying to get medical or pharmacy services.

By a Provider

- Billing for services that have not been provided.
- Not reporting a patient's misuse of a Medicaid card.
